

**ABORIGINAL
CARBON FOUNDATION**

Savanna Burning Carbon Farming Course

***Nationally Accredited
Training Course***

INFORMATION

If you're an Aboriginal ranger or a pastoralist doing a savanna burning project and want a greater understanding of carbon farming and/or maximise your profits in the voluntary carbon market, then this training is for you.

You will be trained to understand how a savanna burning project works and in the verification of environmental, social and cultural core benefits.

When: 2-5 December 2019 (four days)
3-6 February 2020

Location: Darwin and/or Katherine

Name: Aboriginal Carbon Farming and Core Benefits Management (10722 NAT)

Trainers: Aboriginal Carbon Foundation (not for profit)

RTO: Centre for Appropriate Technology Ltd

Costs: Sponsored by the NTG

Registration: Contact Hugh Woodbury (CfAT) 0427 083 006
or email hugh.woodbury@cfat.org.au

For further information: Contact Rowan Foley (AbCF) 0427 013 318 or email
rowan@abcfoundation.org.au
